**PATHOLOGICAL AND MOLECULAR BIOLOGICAL
STUDIES ON CANINE DISTEMPER**

*A dissertation submitted to The United Graduate School of Veterinary
Sciences, Yamaguchi, Tottori, Miyazaki and Kagoshima University,
JAPAN*

*In partial fulfillment of the requirement for the degree of
DOCTOR OF PHILOSOPHY (PhD) in Veterinary Pathology*

**Presented by
NGUYEN THI LAN**

Accepted on the recommendation of

Assoc. Prof. Ryoji YAMAGUCHI, supervisor.....
Prof. Susumu TATEYAMA, co-supervisor.....
Prof. Kazushige KAI, co-supervisor.....
Prof. Yoshitaka GOTO, co-supervisor.....
Assoc. Prof. Masuo SUEYOSHI, co-supervisor.....

MIYAZAKI, December 2006

BIOGRAPHY

I was born in 1974 in Hatay, Vietnam. I completed a DVM (Doctor of Veterinary Medicine) in Faculty of Veterinary Sciences and Animal Husbandry, Hanoi Agricultural University (HAU), Vietnam in 1995. After that, I was appointed as a teaching staff in the Department of Pathology, Microbiology and Infectious diseases of Faculty of Veterinary Sciences and Animal Husbandry, HAU. In October 2002, I came to Japan for studying. I had spent 6 months for learning Japanese in Kagoshima University in Japan. Then, I entered the United Graduate School of Veterinary Sciences, Yamaguchi Rendai and conducting the graduate studies since April 2003 in the Department of Veterinary Pathology, Faculty of agriculture, University of Miyazaki. I defended my graduation thesis on February 1st, 2007.

Miyazaki, 20th February, 2007

Author of the graduation thesis,

Nguyen Thi Lan

CONTENTS

1. Preface.....	6
2. Chapter I. The Growth Profiles of The Laboratory Strain Onderstepoort, Strain MD77 and strain KDK1 of Canine Distemper Virus on Vero Cells Expressing Canine Signaling Lymphocyte Activation Molecule (SLAM)	
2.1. Summary.....	8
2.2. Introduction.....	9
2.3. Materials and Methods.....	10
2.4. Results.....	12
2.5. Discussion.....	14
3. Chapter II. The Growth Profiles of Recent Canine Distemper Isolates on Vero Cells Expressing Canine Signalling Lymphocyte Activation Molecule (SLAM)	
3.1. Summary.....	17
3.2. Introduction.....	17
3.3. Materials and Methods.....	18
3.4. Results.....	19
3.5 Discussion.....	20
4. Chapter III. Comparative Analyses of Canine Distemper Viral Isolates From Clinical Cases of Canine Distemper in Vaccinated Dogs	
4.1. Summary.....	23
4.2. Introduction.....	23
4.3. Materials and Methods.....	25
4.4. Results.....	26
4.5. Discussion.....	29

5. Chapter IV. Pathogenesis and Phylogenetic Analyses of Canine Distemper Virus

Strain 007Lm, a New Isolate in Dogs

5.1. Summary.....32

5.2. Introduction.....33

5.3. Materials and Methods.....34

5.4. Results.....35

5.5. Discussion.....37

6. Chapter V. Comparison of Molecular Analysis and Growth Properties of Two

Different Clusters of Canine Distemper Viruses Recently Isolated in Japan

6.1. Summary.....40

6.2. Introduction.....40

6.3. Materials and Methods.....41

6.4. Results.....41

6.5. Discussion.....43

7. Chapter VI. Relationship Between Growth Behavior in Vero Cells and Molecular

Characteristics of Recently Isolated Canine Distemper Viruses

7.1. Summary.....46

7.2. Introduction.....46

7.3. Materials and Methods.....48

7.4. Results.....48

7.5. Discussion.....50

8. Chapter VII. Stability of Canine Distemper Virus (CDV) after Twenty Passages in

Vero Cells Expressing the Receptor Protein for CDV

8.1. Summary.....53

8.2. Introduction.....53

8.3. Materials and Methods.....	55
8.4. Results.....	56
8.5. Discussion.....	58
9. Conclusion.....	61
10. Acknowledgements.....	62
11. Figures and Tables.....	65
12. References.....	91
13. Indexes.....	103
